PROFESSIONAL SUMMARY

Reliable Mechanical Engineering student with strong interpersonal communication and data analysis skills, looking for experience and opportunity in renewable and sustainable energy fields.

EDUCATION

University of Colorado Denver

Bachelor of Science in Mechanical Engineering

- Dean's List, 3.9 GPA

SKILLS

- Python programming
- Data entry, organization, and analysis
- Technical documentation and communication
- CAD/CAM
- Additive manufacturing
- Microelectronics

ENGINEERING & RESEARCH EXPERIENCE

University of Colorado Denver: College of Engineering, Design, and Computing

Denver, CO

Teaching Assistant — Chemistry for Engineers

08/2026 – Present

- Support an introductory-level chemistry course for students across multiple engineering majors.
- Communicated technical concepts and problem-solving strategies to students in class and during office hours.
- Grade student work and provide feedback for accuracy and completeness.
- Coordinated with course professor and other Teaching Assistants to address student questions about course objectives and content.

University of Colorado Denver: College of Engineering, Design, and Computing

Denver, CO

Teaching Assistant — Foundations of Computational Innovation

08/2025 – Present

- Support an introductory-level Python programming course centered on engineering applications and data analysis.
- Assist students with programming concepts, troubleshooting, and computational result interpretation in class and during office hours.
- Communicate technical concepts to students with varying levels of programming experience.
- Assist in grading, as well as creation and organization of coursework.

University of Colorado Denver: College of Liberal Arts and Sciences

Denver, CO

Research Assistant

08/2025 – 01/2026

- Organized and analyzed a large collection of historical documents and relevant associated data.
- Conducted research to analyze connections between unemployment rates and political trends in the United Kingdom.
- Synthesized findings from multiple sources and communicated results through research-based analysis.

ADDITIONAL EXPERIENCE

Dutch Bros Coffee Co.

Centennial, CO

Barista

06/2024 – Present

- Responsible for providing accurate and timely service while communicating effectively with coworkers and customers in a fast-paced environment.
- Additional assistance with training new employees and communicating operational and scheduling information to coworkers.
